Experience

Open Source Contributor <i>GSSoC 2026 (GirlScript Summer of Code) – Remote</i>	2024 – Present
- Submitted 10+ pull requests to open-source GitHub repositories, resolving bugs and improving code quality. - Implemented responsive UI features, dark mode toggling, DOM optimizations, and accessibility (a11y) improvements across 5+ repositories. - Collaborated with cross-functional maintainers on web performance enhancement, modular JavaScript architecture, and issue resolution, reducing reported issues by 30%.	

Projects

TaskMaster GitHub Live Demo	2026
- Built a full-featured task management web app using JavaScript, HTML5, CSS3, and LocalStorage for persistent client-side data storage. - Implemented 5+ core features: real-time task filtering, keyword search, dark mode toggle, priority-based sorting, and task categorization. - Architected modular JavaScript codebase with separation of concerns, improving maintainability by 40%. - Deployed on Netlify with optimized asset loading, achieving 90+ Lighthouse performance score across mobile and desktop.	
EchoStream Media Player GitHub Live Demo	2025
- Engineered a full-featured web multimedia player using HTML5 Audio/Video API, JavaScript DOM API, and CSS3. - Developed 8+ custom playback controls: variable speed (0.5x–2.0x), volume control, seek bar, fullscreen, and loop mode. - Integrated keyboard shortcut support for 10+ actions, improving accessibility (a11y) and enhancing user experience. - Added dynamic toast notification system and responsive UI controls, ensuring seamless cross-browser compatibility.	
Personal Portfolio Website GitHub Live Demo	2026
- Developed a mobile-first, fully responsive portfolio website using HTML5, CSS3, JavaScript, and AOS animation library. - Implemented dark/light theme switching, animated stats counters, filterable project gallery, and particle canvas background. - Optimized CSS animations and asset loading pipeline, achieving smooth 60fps rendering across all major browsers and devices. - Integrated EmailJS API for serverless contact form, enabling direct email delivery without a backend server.	

Achievements

- LeetCode:** Achieved Contest Rating of **1527** (Peak: 1577); solved **500+ problems**.
- CodeChef:** Achieved **2-Star** rating with a Contest Rating of **1408** (Highest: 1461).
- Active competitor in **20+ coding contests** and hackathons, consistently demonstrating strong analytical and debugging skills.

Certifications

Deloitte Technology Job Simulation – Forage	2026
Python Essentials 2 – Cisco Networking Academy	2026
India AI Impact Buildathon – GUVI x HCL	2026
